

A Tribute to ACE

You saved my life - literally
Two fingers holding on to the edge of the cliff -

You Encouraged,
Empowered, ÷
Equipped

me to get back on solid ground.

You gave me support ÷ structure
You believed in me.

You laughed with me,
cried with me, ÷
listened to my crazy thoughts.
When I was hopeless,
you gave me hope.

You let me in on the secret -
that you knew I could do it.

You Encouraged,
Empowered, ÷
Equipped

me to stand with my feet firmly
planted on solid ground,
arms up embracing the sky.

You gave me a glimpse of the
unconditional love ÷ care of my
heavenly Father.

Thank you ACE, from the bottom of my heart.

Though they don't know it,
my friends ÷ family say thank you too -
for what they almost lost but instead
have gained back.

Thank you ACE for giving me myself back.
